

MEDIA RELEASE

BOB DAY – Federal Chairman & SA No. 1 Senate Candidate

NO DEAL WITH SEX PARTY

Wednesday 28 July 2010

I refer to reports in this morning's media regarding a so called 'preference deal' between Family First and the Australian Sex Party.

This is completely false. Family First has not and would not ever contemplate a preference arrangement with the Australian Sex Party.

This is a blatant attempt by the Australian Sex Party to discredit Family First and is in keeping with one of its stated aims of "stopping Family First".
